

## Tablet weaving. Thin diagonals: pattern 1

Threading diagram:

Pattern draft for 28 tablets, with 4 edge tablets turned continuously in one direction. Pattern tablets are turned according to pattern draft. Pattern repeat shown on the right is 20 rows long. The right side and the back side of the pattern are also shown on the right.

This pattern can be combined with the pattern 2, in this case the pattern repeat should be started at row 11 and end at row 10.
